

# Large Breed Puppy

Why do large breed puppies need different food?

It is formulated with the correct ratio of calcium, phosphorus and other ingredients to assist in the bone and joint growth for large and giant puppy breeds up to 18 months. This formula also includes important ingredients for a healthy skin and coat, anti-oxidants for boosted immunity, MOS and FOS for gut health and salmon oil to promote brain function.

Contains at least 17,5% chicken and 15% rice.

## Nutritional Composition

Nutrients	g/kg	
Protein	290	Min
Moisture	100	Max
Fat	110	Min
Fibre	35	Max
Ash	70	Max
Calcium	11	Min
Phosphorous	9	Min
Linoleic Acid	21	Min
Ca : P Ratio	1,1 - 1,5 : 1	
Omega 6 : 3 Ratio	5 - 10 : 1	
	<b>mg/kg</b>	
Vitamin E	100	
Zinc	130	
	<b>mcg/kg</b>	
Selenium	350	
Biotin	150	

### Skin & coat health:

Contains a balanced blend of Omega 6:3 fatty acids, as well as added zinc and biotin for a healthy skin & glossy coat.

### Anti-oxidants:

Contains a blend of anti-oxidants (Vitamin E & selenium) to boost immunity and help protect cells from damage by scavenging free radicals.

### Gut Health:

Contains a special blend of MOS, Inulin (source FOS) and selected clays to help maintain gastro intestinal health.

### Ingredients:

Ground corn, Poultry meal (min 17,5%), rice (min 15%), corn gluten meal, meat & bone meal, wheaten bran, beef and chicken fat, meat digest, sunflower oil, canola oil, chicory root extract (source of FOS), mannan-oligosaccharides, minerals, trace elements, vitamins and approved anti-oxidant added.
