

Yes, by feeding a weight control formula, yet maintaining good nutrition, we can achieve that and also include ingredients to sustain energy levels, promote healthy bowel movement, ensure a healthy skin and coat, clean teeth and add anti-oxidants to boost immunity.

This can be seen in more detail below.

This product was formulated for obese and obese prone dogs and contains at least 15% chicken and 15% rice.

Nutritional Composition		
Nutrients	g/kg	
Protein	210	Min
Moisture	100	Max
Fat	70	Min
Fibre	60	Max
Ash	85	Max
Linoleic Acid	12.5	Min
	mg/kg	
Vitamin E	100	
Zinc	130	
	mcg/kg	
Chromium	300	
Biotin	150	

Ingredients:

Ground corn, Poultry meal (min 17,5%), rice (min 15%), corn gluten meal, meat & bone meal, wheaten bran, beef and chicken fat, meat digest, sunflower oil, canola oil, chicory root extract (source of FOS), mannan-oligosaccharides, minerals, trace elements, vitamins and approved anti-oxidants added.

Sustained Energy:

Made from rice and grain sorghum to aid in the maintenance of blood sugar and energy levels between meals. Contain Chromium yeast. Chromium, as the central part of the Glucose Tolerance Factor (GTF), enhances the effect of insulin in the body and has been shown to be related to normal carbohydrate metabolism.

Increased Fibre:

To reduce calorie density and promote healthy intestinal movement.

Weight control Formula:

Contains 15% less calories than Super Vet Adult.

Skin & coat health:

Contains a balanced blend of Omega 6:3 fatty acids, as well as added zinc and biotin for a healthy skin & glossy coat.

Anti-oxidants:

Contains a blend of anti-oxidants (Vitamin E & selenium) to boost immunity and help protect cells from damage by scavenging free radicals.

Dental Health:

The shape and texture of the kibble encourages mechanical brushing during chewing action.
