Feeding Guide

Feeding quantities should be per portion that the puppies will consume in 20 minutes and the remainder of the food should be taken away. Feed ideally from 3 weeks to 12 -18 months of age depending on breed adult weight. Feed your puppy the recommended daily allowance in 3 - 4 portions for the first 6 months. Thereafter feed your puppy its recommended daily allowance in ideally 2 portions.

For pregnant bitches feed in the last 2 weeks before expected whelping date feed approximately quarter of the recommended portions above. Avoid overfeeding your dog.

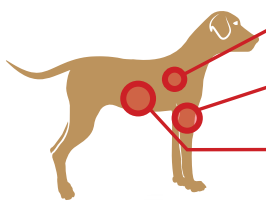

For large and giant breed puppies up to 18 months and pregnant or lactating bitches. Chicken and rice formula with well balanced Ca/P ratio, to help puppies grow healthy.

Ingredients

Ground corn, poultry meal (min 17.5%), rice (min 15%), corn gluten meal, wheaten bran, meat and bone meal, beef and poultry fat, meat digest, sunflower oil, canola oil, chicory root extract (source of FOS), mannan-oligosaccharides (MOS), minerals, trace elements, vitamins and approved anti -oxidant added.

Available in 3Kg, 8Kg and 20Kg

For large and giant puppy breeds up to 18 months and pregnant or lactating bitches

Protein and Fat Levels:
Contains at least 29% Protein and 11% fat to promote healthy growth and development.

Bone Growth:
Contains a balanced 1,1 - 1,5 : 1 Calcium Phosphorous ratio to ensure steady bone growth.

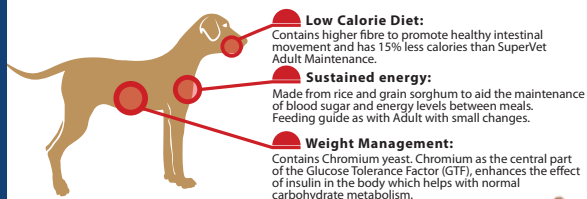

Digestive Care:
Contains Chicory root extract and MOS minerals to help maintain gastro intestinal health.

BREED SIZE	BODY MASS (kg)	DAILY PORTION (grams)
Toy	1 - 5	25 - 85
Small	5 - 10	85 - 145
Medium	10 - 20	145 - 245
Large	20 - 30	245 - 335
Large	30 - 40	335 - 415
Giant	40 - 60	415 - 560
Giant	60 - 80	560 - 695

Ingredients

Grain sorghum, poultry meal (min 14%), wheaten bran, rice (min 12%), meat & bone meal, cellulose fibre, beef and chicken fat, meat digest, sunflower oil, canola oil, minerals, trace elements, vitamins and approved anti-oxidant added.

For obese and obese prone dogs of all breeds

Nutritional Composition		
Nutrients	g/kg	
Protein	210	Min
Moisture	100	Max
Fat	70	Min
